ADVANTAGES OF USING ROBERT FROST AS A UK TOOLMAKER

- ❖ Communication – with everyone speaking in their mother tongue
- ❖ Businesslike – a common understanding of business methods
- ❖ Quality – ISO9001:2008 standard achieved and upheld
- ❖ Cost – good value for money with no hidden costs caused by poor communication, overseas travel for meetings or expensive international couriers.
- ❖ Optimise Finished Product – we work with the customer to ensure that the product works properly.
- ❖ Ethics – all staff are paid fairly for their work with no compromise on health and safety
- ❖ Save Time – face to face meetings in the UK
- ❖ Service – full service offered including in-house tool design, tool making, prototype and production injection moulding (with inserts, core-pullers, hot runners, multiple cavities), assembly and packing.
- ❖ Delivery – despatched goods arrive the following working day
